Did they submit an original sampling plan? I know we discussed it, but I don't recall actually seeing it (the "plan")

Phil

David.

The EPA has reviewed and approves the modifications to the sediment and tissue sampling locations and procedures as presented in the attached Sediment and Tissue Sample Collection Memo dated May 20, 2016. We will follow up this email with a letter. Please let me know if you have any questions on this.

Subject: San Jacinto Sediment and Tissue Collection Memo

Gary – As we have discussed, please see the attached in regards to modifications to the tissue and sediment Sampling and Analysis Plans. These modifications are required because of field conditions encountered during the original field sampling event. Please let us know if you have any concerns, or if you approve of the modifications in the attached memo.

Thank you,
David
